SITUATION SUMMARY

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

PUBLIC HEALTH AND MEDICAL (EF-8) SITUATION REPORT, as of 10/24/14:

- There are currently no suspected or confirmed cases of the Ebola Virus Disease (EVD) in California. The risk of EVD to the public is very low. Healthcare providers may be at a higher risk for EVD infection.
- As of October 19, the World Health Organization has reported a cumulative total of 9936 suspect, probable, and confirmed cases and 4877 deaths.
- Current guidelines released by CDC are posted on the CDPH website available at: <http://cdph.ca.gov/programs/cder/Pages/Ebola.aspx>
- Guidelines for Emergency Medical Services (EMS) personnel: http://www.emsa.ca.gov/ebola_control

CAL OES COASTAL REGION

San Francisco EOC Activation – Planned Event

- SF DEM has an activation schedule in place for the World Series playoff games. Game 4 will take place today in San Francisco and Game 5 will be played on Sunday in San Francisco.
- SF DEM will activate their EOC today, October 25th at a Level B with DES staff and first responders.

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

Rain will give way to showers after sunrise this morning while winds ease for a short time. An approaching post frontal trough will cause increasing winds again by mid-morning. This trough has the potential to bring strong shower activity with possible small hail, gusty winds, and occasional lightning. Showers will taper in the late afternoon and evening as high pressure begins to build over the area.

San Francisco Weather:

A Pacific storm will continue on Saturday before lifting quickly northeast by Sunday morning. It will push a cold front towards the area. Southerly winds will increase ahead of the front and become locally strong and gusty near the coast and in the hills Saturday morning. At the same time rain will spread. The front will pass through quickly on Saturday morning, but cooler unstable air will bring scattered showers Saturday afternoon and evening. A few thunderstorms may develop as well especially from the Santa Cruz Mountains northward. Drier and cooler weather is expected Sunday with a warming trend beginning Monday as high pressure rebuilds along the coast.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

Wet and windy weather moves in later tonight into Saturday as an upper level trough and associated front move into the area. Thunderstorms with heavy rain, accumulating small hail and gusty winds and maybe even a weak tornado are possible on Saturday. Snow levels will lower below Sierra passes Saturday night. Decreasing winds are expected Saturday evening and precipitation will taper off Sunday. A brief break Monday will be followed by a chance of rain over areas north of Sacramento Tuesday and Wednesday. This precipitation threat will drop southward bringing rain or mountain snow over much of Northern California for the end of the next week.

Hanford Weather:

A low pressure system will bring increased clouds along with a cooling trend and strong winds today. High pressure will build inland by the middle of next week bringing a return to warmer conditions.

OF EMERGENCY SERVICES

WEATHER

WEATHER SYNOPSIS BY REGION:

SOUTHERN CALIFORNIA:

Los Angeles Weather:

A weak cold front will move through today and tonight bringing a slight chance of showers to northern sections then residual moisture will bring slight chance of showers on northern mountain slopes tonight into Sunday morning. There will be some gusty winds tonight through early Monday particularly in the Santa Ynez Mountains and through the Interstate 5 corridor. It will be cooler this weekend and early next week. A warming trend will begin Tuesday with above normal daytime temperatures for much of the rest of the work week.

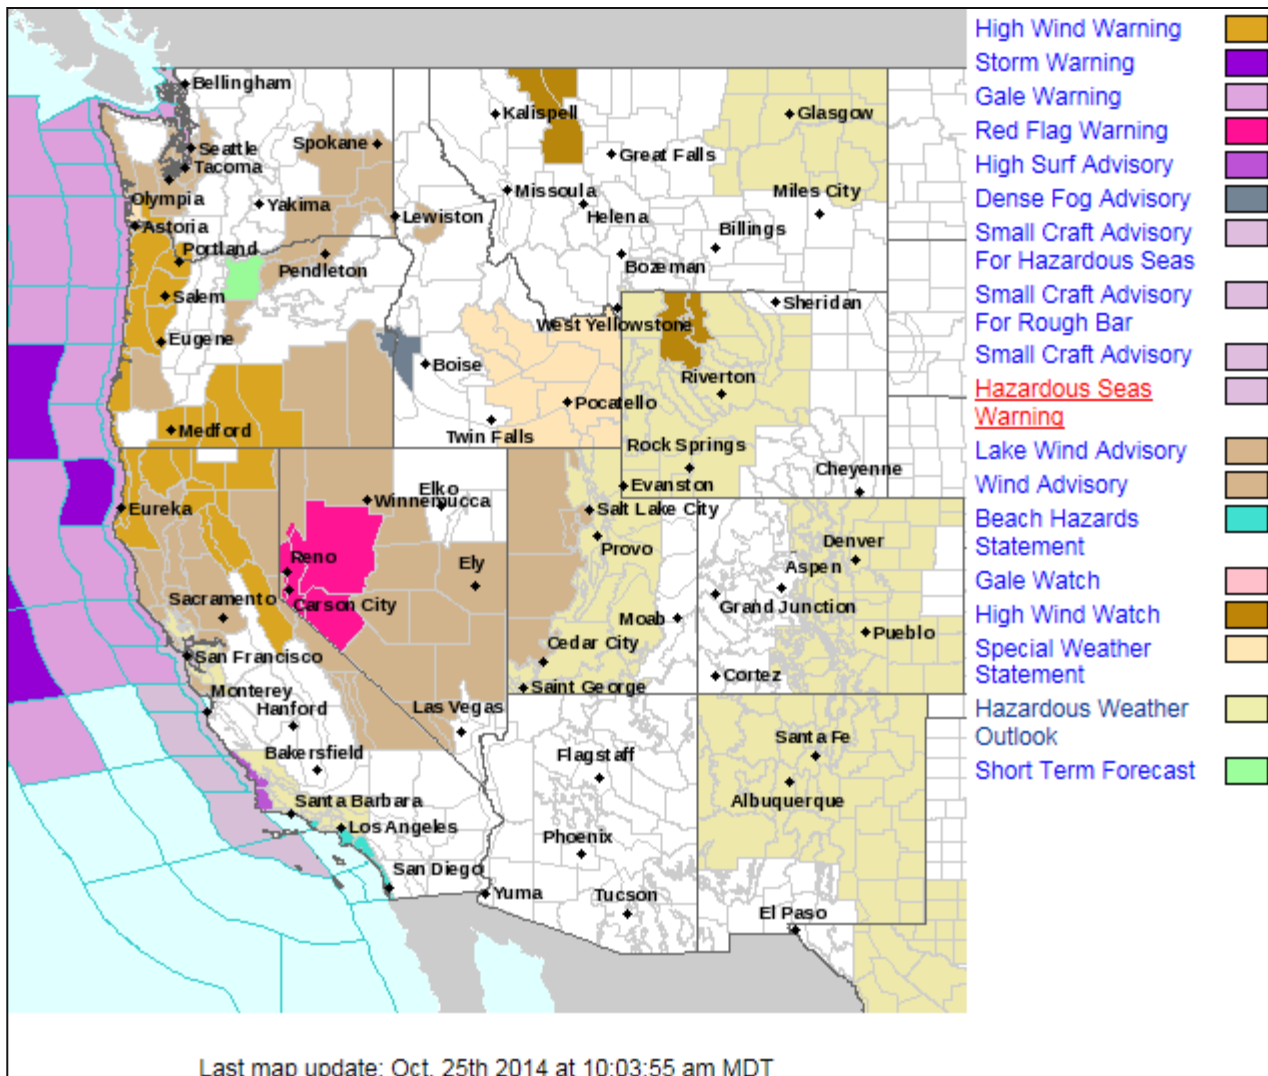

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

A trough of low pressure will move inland this weekend with cooler conditions gusty onshore winds in the mountains and deserts and the marine layer returning. The marine layer may deepen enough for patchy drizzle west of the mountains by Sunday morning. High pressure will rebuild across the west with dry and warmer conditions developing next week.

Southeast California Weather:

A cooling trend is then expected from Sunday into early next week as low pressure moves inland into the Great Basin with temperatures falling back to near seasonal normals. A return to above normal temperatures is then expected from Wednesday onward through the end of next week as high pressure becomes reestablished.

RECOVERY ACTIVITIES

Boles Incident Vegetation Fire- City of Weed, Siskiyou County

Recovery Activities

- On 10/01/14, the U.S. Small Business Administration (SBA) approved a disaster declaration making SBA assistance available in the primary County of Siskiyou and the contiguous counties of Del Norte, Humboldt, Modoc, Shasta, and Trinity, making low-interest federal disaster loans available to homeowners, renters, businesses of all sizes and private nonprofit organizations whose property was damaged or destroyed by the Boles Fire. The filing deadline to return applications for property damage is 12/01/14. The deadline to return economic injury applications is 07/01/15. In addition, a Disaster Loan Outreach Center opened Wednesday, 10/01/14, at 1200 hours, located at the College of the Siskiyou's Life Science Building 3, Room LS-1, 800 College Avenue, Weed, California 96094, Mondays – Fridays, 0900 – 1800 hours.
- On 10/06/14, the Governor issued Executive Order (EO) B-27-14, which provides CDAA, and debris removal assistance, including the suspension of rules and regulations impacting debris removal. The EO also provides the ability for nonprofit organizations to seek reimbursement for extraordinary activities through the State Private Nonprofit Organizations Assistance Program.
- Non-food items have transitioned from the Salvation Army to a collaboration of four non-profit agencies involved in the distribution of items such as baby clothes, diapers, clothing, etc.
- The Cal OES VAL continues to coordinate and participate in Long Term Recovery Group (LTRG) meetings with NGO, Faith Based, and local agencies. Shasta Community Foundation was identified as a fiscal agent for the group. Individuals needing assistance should be directed to the Family & Community Resource Center of Weed located at 260 Main Street, Weed. Funding organizations will assist with unmet needs through the case management process. The VAL will continue to provide guidance to the LTRG group.
- The College of the Siskiyou's website contains a Fire Resource List of various local agencies offering goods and services. The document can be found at <http://www.siskiyou.edu/humanresources/documents/fireresourcelist.pdf>. Additional information on recovery efforts can be found at <https://weed.recovers.org/>.
- Food donations are being accepted at 310 Boles Street.
- Due to the high levels of asbestos found in the destroyed library, the Siskiyou County Health Officer, US/EPA, and CalRecycle recommend the temporary relocation of families living in the undamaged homes directly adjacent to the library. However, the City is temporarily sheltering (less than 30 days) one family displaced by the debris removal activities at the library location.
- US EPA completed removal of asbestos from the library.
- The Applicants Briefings for the Boles Fire FMAG and the CDAA 2014-4 Siskiyou County Wildfires is today 10/22/14, beginning at 0900 hours at the College of the Siskiyous, 800 College Avenue, Building 3 Room 3 in Weed.

RECOVERY ACTIVITIES

Boles Incident Vegetation Fire- City of Weed, Siskiyou County

Cal Recycle reports:

Air monitoring activities continue in the work area and surrounding community.

12,912.32 total tons of debris have been removed as of day 20 of operations (205.09 tons of metal delivered for recycling; 4589.60 tons of concrete delivered for recycling; and 8,117.63 tons of debris, ash and soil delivered for disposal)

The Numbers as of Day 20

- 134 Sites registered for the removal project (Right-of-Entry, includes library, community center and 2 churches).
- 10 Sites denied entry.
- 133 Sites documented.
- 134 Asbestos surveys completed.
- 65 Sites with asbestos containing material.
- 59 Sites cleared of asbestos containing material.
- 91 Debris removal completed.
- 53 Sites sampled.
- 0 Sample results approved.
- 0 Erosion control completed.
- 0 Approved by City of Weed as ready for a building permit.

Cal OES Deployments

- One (1) Cal OES Recovery staff is assigned.

RECOVERY ACTIVITIES

Magnitude 6.0 Earthquake, American Canyon, Napa County

Recovery Activities

- Based on a request for additional IA information for the major disaster declaration request, IA teams conducted PDAs 09/08/14 through 09/12/14 in Napa County, the City of Vallejo, and Solano County IA PDA teams conducted additional PDAs 09/17/14 through 09/19/14 finalizing PDAs in Napa County. The Presidential Declaration request letter along with supplement information was forwarded to FEMA for consideration.
- The deadline for Cal OES to submit the Request for Public Assistance of potential applicants to be considered for reimbursement for this event is this Friday, 10/24/14. To date, fifty-seven (57) RPAs have been received and there have been six (6) applications withdrawn for a total of fifty-one (51) RPAs. Twenty-eight (28) Kickoff Meetings have been completed and four (4) additional Kickoff Meetings are scheduled.
- The Napa Long Term Recovery Committee (LTRC) is in the process of forming its leadership, establishing policies and procedures, and identifying a Mission statement. A follow up meeting is pending.
- Cal OES IA Voluntary Agency Liaison (VAL) continues NGO coordination in Solano County. Due to the absence of local faith based and other organizations that may have resources, Solano VOAD will reach out to expand the engagement of additional nonprofit and faith based partners. Once the organizations are identified, a follow up meeting will be held in hopes of identifying key leaders interested in forming an LTR committee.
- Local Assistance Center (LAC): County and City of Napa: LAC opened on 09/08/14 at 301 1st Street, Napa (corner of 1st Street and Silverado Trail). The LAC is open until further notice.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency Monday through Friday, from 0800-1700 hours.
- The Inland REOC is activated at Level 2 Monday through Friday, from 0800-1700 hours, or as needed.
- The Coastal REOC is activated at Level 2 Monday through Friday, from 0800-1700 hours, or as needed.
- The Southern REOC is activated at Level 1 Monday through Friday, from 0800-1700 hours, or as needed.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is Monday through Friday, from 0800-1700 hours.
- The Governor issued an Executive Order on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought. Specifically, through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
